

INITIAL NOTIFICATION FORM

Applicable Rule: 40 CFR Part 63, Subpart QQQQ—National Emission Standards for Hazardous Air Pollutants for Surface Coating of Wood Building Products.

Please print or type the following information for each source subject to the applicable rule mentioned above.

Date: _____

SOURCE INFORMATION (Physical location of the affected source) (§63.9(b)(2)(ii))

Source/Facility Name and Identification Number _____

Source/Facility Physical Location

Street Address _____

City _____ State _____ Zip Code _____

Source/Facility Contact (Should be someone familiar with the process)

Name _____ Title _____

Phone Number _____

OWNER/OPERATOR INFORMATION (§63.9(b)(2)(i))

Owner/Operator Name _____

Owner/Operator Address

Mailing Address _____

City _____ State _____ Zip Code _____

SUBJECTIVITY (choose one) (§63.9(b)(2)(iii) and (v))

The above facility:

- ☐ is a major source subject to this NESHAP.
- ☐ is not subject to this NESHAP. (this form does not need to be completed if this facility is not subject to this NESHAP)

COMPLIANCE DATE (choose one) (§63.9(b)(2)(iii))

The above facility:

- ☐ Is an existing affected source. The compliance date is 3 years after May 28, 2003 or by May 28, 2006.
- ☐ Is a new or reconstructed affected source and the initial startup was before May 28, 2003. The compliance date is May 28, 2003. If the initial startup occurs/occurred after May 28, 2003, the compliance date is the date of initial startup of your effected source.

- ❑ Is an area source that increased its actual emissions or its potential to emit such that it became a major source of HAP emissions. The compliance date is one of the following:
 - ◆ For any portion of the source that becomes a new or reconstructed affected source subject to this subpart, the compliance date is the date of initial startup of the affected source or May 28, 2003, whichever is later.
 - ◆ For any portion of the source that becomes an existing affected source subject to this subpart, the compliance date is 1 year after the area source becomes a major source or 3 years after May 28, 2003, whichever is later.

OPERATION INFORMATION (§63.9(b)(2)(iv))

HAP Emission Points

The following processes occur at the above facility (check all that apply):

- ❑ Doors, windows, and miscellaneous includes doors, windows, finished doorskins, and door and window components such as millwork, moulding, or trim, and other miscellaneous wood building products including, but not limited to, all moulding and trim, shingles, and shutters.
- ❑ Flooring includes solid wood flooring, engineered wood flooring, and wood laminate flooring.
- ❑ Interior wall paneling and tileboard includes interior wall paneling products.
- ❑ Other interior panels includes panels that are sold for uses other than interior wall paneling , such as coated particleboard, hardboard, and perforated panels.
- ❑ Exterior siding and primed doorskins includes lap or panel siding, trimboard, and primed doorskins.
- ❑ Other HAP emissions processes (please describe all other processes at this facility that emit HAP

Hazardous Air Pollutants (HAPs)

The above facility's:

Actual emissions of HAP emitted in 2002: _____ tons per year (from *i*-Steps emissions report)

Potential to emit* of HAP is _____ tons per year

* Indiana Law requires permit emission limits to be based on the potential to emit (PTE) air pollutants as if the process was operating at full capacity 24 hours per day, seven (7) days per week and 365 days per year.

Types of HAPs Emitted:

Please provide a brief description of the nature, size, operating design capacity, and method of operation of the above facility: (§63.9(b)(2)(iv)) (You may copy the facility description in the permit or attach it to this form)

CERTIFICATION

Print or type the name and title of the Responsible Official for the plant.

(Name)

(Title)

A Responsible Official can be:

- ☒ The president, vice-president, secretary, or treasurer of the company that owns the plant;
- ☒ The owner of the plant;
- ☒ The plant engineer or supervisor;
- ☒ A government official if the plant is owned by the Federal, State, city, or county government; or
- ☒ A ranking military officer if the source is located on a military base.

I certify the information contained in this report to be accurate and true to the best of my knowledge.

(Signature of Responsible Official)

(Date)

Note:

*This is not an official approved form. It was developed by Indiana's Compliance and Technical Assistance Program to simplify the notification process for Indiana's small businesses. You are not required to use this form and may submit all above information in a letter. However, all required information must be submitted by **September 25, 2003**.*

DUE DATE

An initial notification for 40 CFR Part 63, Subpart QQQQ – National Emission Standards for Hazardous Air Pollutants for Surface Coating of Wood Building Products – must be submitted to IDEM and EPA on or before September 25, 2003.

Please be aware that if your source has a Part 70 operating permit and you fail to submit the initial notification, the permit may also require you to report this violation in a Semi-Annual or Quarterly Compliance Monitoring Report and in the 2003 Annual Compliance Certification Letter (due in 2004).

MAILING ADDRESS

Please mail this completed form to both addresses below:
